22	Crutches	Brand:-Saudia Sugical BD, Material: This product is made of high quality aluminum alloy material. The chemical stability of the aluminum alloy is good, corrosion resistance is strong and surface defects do not occur easily. The surface of castings has a good surface smoothness and shine as well as a light weight and can provide good support. The handle part is equipped with high quality anti-slip rubber, which makes you more comfortable to use. Anti-skid foot pad: the foot cushion is embedded with plates that can extend the life of the foot cushion and reduce the pressure of the patient. In addition, it also has the properties of wear resistance, durability and stability. The trinity design on the crutch can compress the crutch evenly and greatly increase the load capacity.	4	Set
