7	Full Secretariat Table	Chief Executive Table constructed with one Fix Drawer unit and one fix annexure. Table made of melamine face chip board with PVC edging. Board density is of 650-700 kg/m3. One Fixed Drawer unit consists of 3drawe with central lock and Knobs. Side Rack (one side open with shelf and one side covered by 2nos.door with lock & knobs) fixed with the table. Work top of the table sate on MS & SS structure. Table stands on 10nos. heavy duty PVC stopper. Table top 32 (16mm solid Top and 16mm bit in all side) other panels 16mm thick Melamine laminated wood particle board with 2 and 1mm thick PVC edging by automatic edge banding machine. Top of the table fixed on MS & SS structure. Front of Table top is straight and user side slightly curved. Fully knock down system by using of Housing, Dowel, TNut, JRN nut, Wood pin, Housing cap etc. Size: L1800 x W1700 x H750mm	1	Nos			
8	Half Secretariat Table	Executive Table with Fixed Drawer Unit made of imported best quality scratch proof and termite proof melamine faced chip board, 3mm thick ply wood with PVC stopper & edging by automatic edge bending machine. Board Thickness 16mm. Table Top 16mm thick solid top with 16mm thick 100mm wide load bearing horizontal support tie in front and back. Other panels are 16mm thick MFC board. 390x495x390mm fixed drawer unit made of 16mm thick MFC board with best quality MS channel, PVC round handle and with central locking system. Bottom of the drawers are of 3mm thick ply wood. Drawer unit consist of 3drawer. Drawer fixed on Table top in right side. Table top fixed in between the side panels and one 550mm high horizontal front panel fixed in between the side panels. Fully knock down system by using Housing, Dowel, T-nut, JRN nut, Wood Pin etc. Size: L1200 x W600 x H750mm	5	Nos			
9	High chair/Booster seat/Portable seat	High Chair Head rest facilitated revolving, and back tilting with Limber supported back rest facilitated hazard free pneumatic lifting chair constructed with poly foam cushioning seat and back with 16mm Ply shell and covered with best quality Fabric and with Rexene upholstery. A 90mm gas cylinder used for pneumatic height adjustable mechanism. Tilting mechanism with heavy duty spring to be used in bottom of the seat and sat on MS structure by chrome plated metal Fixed leg . base . Curved solid PVC armrests are fixed with main base by Two SS tube. and Leg rest. Size: Seat-550x500 and Back - 560x540mm	2	Pcs			
10	Lecture Table	Class Room Rostrum/Podium made by: Top : 3mm SS Bar Frame & 18mm thick Malaysian MDF wood 22" X 18" top. Pillars:48" Pillars Front side 3mm thick Alcabone & Back side 18mm thick Malaysian MDF wooden Frame. Base:Wood + Alcabone 24" X 20" X 4". Finish:Antique Lacuer. Wood: Malaysian MDF wood. Total Hight: 54".	2	Nos			
11	Overhead Cabinet	Overhead Cabinet made of imported best quality scratch proof and termite proof melamine faced chip board, 3mm thick ply wood with PVC stopper & edging by automatic edge bending machine. Board Thickness 16mm. Fully knock down system by using Housing, Dowel, T-nut, JRN nut, Wood Pin etc. Size: L700 x W350 x H650mm	1	Sft
